there is no dissension in the Cabinet.

Cialdini and Garibaldi.

The Torin Gazde of the 25 Jult, publishes a letter from General Cialdini to Garibaldi, recalling the friendship and simiration he had always possessed for him, but declaring that his last acts paintelly affected him. General Cialdini continues thus:

All my affection for you has disappeared, and I have become your political adversary. We are not disposed to bear your tyranny. You are repreached with having given orders to Colonel Tripoli to receive us with musket shots in the Abruzzi. I have heard your words and those of General Striori in the Italian Farliament, and, following them up to their conclusion, I arrive at the secret idea of your party, which aims at rendering itself master of the army and the country, threatening us, if unsuccessful, with civil war. I do not know what the country thinks of this, but I can assure you shat the army fears not your threats it is only afraid of your government. You have reason to boast of your great and marvellous enterprise, but you exaggerate its results. When we arrived you were at the Voiturno in a very bad condition. The fall of Capua, Gasta, Mesina, and Civitella del Tronto, was not brought about by your operations. Fifty-six thousand Bourbon soldiers were beaten and dispersed by us. It is, therefore, incorrect to say that you have delivered the kingdom of the Two Sicilies. Our army and fleet took some part in Albe work of destroying more than half the Neapolitan army, and also took four fortresses. I believe I know the army smitiently well to be sure that it shares the feelings of disgust and grief which the intemperance displayed by you and your party have raised in my mind. A letter from Garibaldi, in reply to that addressed to him by General Cialdini, has been published to-day. Garibaldi says:—

bald says:—
Strong in my conscience as an Italian soldier and citiStrong in my conscience as an Italian soldier and citi-Strong in my conscience as an Italian soldier and citizen, I will not descend to justify myself against these accusations, as by so doing I should fail in respect to the King and the army. I know nothing of the orders said to have been given by me to Colonel Tripoli. I gave orders that the Italian soldiers of the Northern army should be received as brothers, although I know that that army had come to put down the revolution, which, according to the words addressed by Signor Farini to Napodeon III., was personified in me. I believe that is my quality as Deputy I have stated to the Chamber a few of the wrongs which the Southern army has sustained at the hands of the ministry. I believe I had a right to do so. The Italian army will find in its ranks one soldier more when it has to fight against the enemies of Italy. You are well aware of this. All that others may have said of me is a calumny. It is not true that when we were on the Volturne we were in a Bad position. As far as I know the army has applauded the free and moderate words of the Soldier-Deputy, to whom Italian honor has been an object of worship all his tife. If any one is offended at me, speaking in my own name only, I wait calmly for satisfastion to be demanded for my words. I desire the establishment of a national monarchy.

### The News by the North American.

Sr. Johns, N. F., May 6, 1861. The Canadian Company's screw steamship North American, from Liverpool 25th, via Londonderry 26th, arrived of Cape Race on Saturday, at one o'clock, where she was boarded by the news vacht. Her advices are mainly an sicipated by the City of Baltimore at New York.

In the British House of Commons on the 24th uit, the bill opening the burial grounds of the Church of England to dissenters was rejected by a vote of 236 to 165. The French journals republish the Pope's protest agains

Victor Emanuel assuming the title of King of Italy. Prince Napoleon has been appointed President of the commission of Representatives from France at the great exhibition in London next year.

The Paris Bourse on the 24th was weak, rentes closing at 68f. 35c.
The Italian Chamber of Deputies, on the 24th, adopted

a resolution declaring that the National Guard of the Bouth had deserved well of the country during recent General Bozia proposed to the Chamber to adhere to

Garibaldi's project respecting the reformation of the nazional armament. The Austrian Representative at the German Diet had

been instructed to incite the Diet not to recognise the sitle of kingdom of Italy.

### Organization of the Brooklyn Common Council.

Yesterday was the day appointed by law for the organization of the new Common Council of Brooklyn. At a quarter past six o'clock Mayor Kalbfielach, who had entered into office that morning, took the President's chair, not a solitary member being present at the time. The roll was called, and as no member answered to his name, the Mayor adjourned the Board to Monday next.

Immediately on Mayor Kalbitelsch leaving the chair the nine republican members of the Board entered and took their seats; simultaneous with which the Clerk and his assistants leftithe room. Not one of the democratic members was present. The Board was then temporarily organized by Alderman Taylor, of the Fourth ward, taking the chair, and Alderman Taylor of the Fifteenth acting as clerk. The roll was again called, and there not heling a quorum present, an adjournment was carried to the same period as was fixed by the Mayor, and thus ended an affair that looked very much like a broad farce. Immediately on Mayor Kalbifelsch leaving the chair

ended an affair that looked very index like farce.

The non organization of the Board arises from the fact that nine members of the Board are democrats and nine republicans. The election of Alderman Kablelesch as Mayor, creates a vacancy in the Eighteenth ward, which will be filled by election to-day, and the result will be a casting vote for which ever political party succeeds in electing its man. But Alderman Kiehl, a democrat, has gone to the wars, and the republicans have chivalrously pledged themselves not to take advantage of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and the result will be alleged the alleged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism, and have arranged that one of the Alderman's patriotism. ing themselves from being circumvented, by all absenting themselves, thus leaving the Board one short of a quorum. This piece of tactics was practised yesterday. Hence the Board could not organize, and the Mayor did not send in his message, which is said to possess the commendable quality of brevity.

The Turf.

CENTREVILLE COURSE, L. I., FRIDAY, May 3 .- Purse \$50. mile heats, best three in five, in harness.

Peter cast his near fore shoe, and it was not long before Scotchman passed him, and, keeping the lead, logged home a few lengths ahead, in 2:47. In the second heat a mimilar accident to the above befel Honest Peter. He again caught and tore off the same shoe, in about the same place as before, cutting his quarter severely. Scotchman won, as in the first heat, in 2:43%. In the third heat Peter made the turn with man won, as in the first heat, in 2:43%. In the third heat Peter made the turn without an accident, and, keeping the load throughout the heat, won by a length in 2:41%. In the fourth heat Hiram Woodroff took Peter in hand for Mr. Whelpley, the latter having become exhausted from the inclement state of the weather and the severity of the race, and hopes began to be entertained that Peter, in the hands of the old veteran, would be able to pull through, notwithstanding that Scotchman lay over him so much in speed. The horses had a good send off, and Peter, now having the ingide, went around the upper turn a length alread, which he held until nearing the half mile pole. Scotchman, however, overtook him soon afterwards, passed bim, and led some a winner of the race and purse by about a length, wasking the heat in 2:38. This trot may be said to have imagurated the trotting season on the Centreville, and, somsidering the condition of the track and the state of the weather, was one of the best trots we read of. The fourth sheat, which was trotted in 2:38, was a capital performance under the circumstances, and rarely paralleled. Both large are Rashaws—one of them, Honest Peter, being a horse remarkable for endurance, and noted as having carried two gentlemen in a road wagon from Williamsburg to Hockaway and back in three and a quarter hours. Scotchman, the winner in this race, is also a Bashaw, got by Henry Clay out of a Durco mare, and was bred, we believe, in Kentucky. He is a very elegant horse in appearance, and, judging from his fine, easy gait, has more speed than was brought out on this occasion. The promptaers with which this race came of was much commended by visiters and sporting men generally, who now have assurance, under the new management of Mr. Revins, that in future there will be no postponement of ndvertiaed aces, but that they will "come off rain or shine."

ELECTION OF OUTCOMES OF CENTRAL PARK.—At a meeting of the Central Park Commissioners, held on Saturday East, R. M. Blatchford, Fig., was re elected President, Andrew R. M. Blatchford, Frq., was re elected President, Andrew
H. Green, Esq., Treasurer, and Mr. Fields, Secretary, Mr.
Gray having declined the office of Vice President, Henry
G. Stebbins was elected Vice President of the Board. The
Board intend to prosecute work at the Park, though not
so extensively as heretoiore. The planting of trees is
now going forward vigorously. Several hundred troops
belonging to the Scott Life Guard are comfortably accommodated at the old Arsenal, in the Park. Large numbers
of people visit the Park delly. The season has been very
backward, but the foliage and verdure are now rapidly developing its appring beauties.

REWARD FOR THE CAPTURE OF PRISONS WHO ASSAULTED
AN OFFICER.—One of the officers employed on the Contral

AN OFFICER.—One of the officers employed on the Central Park having been brutally assaulted by some persons last Sunday evening, the Superintendent has offered the following reward:—

SlaO R. ward.—The above reward will be paid for information which will promue the conviction of the persons, of any of them who assaulted an officer of the Centrall'ark, of FRED. LAW OLANSTEO. Superintendent. Survivantancers. Carw. Centrall'ark, May 6, 1861.

NEWS BOTS ANNIVESSARY AND CONCERT.—On account of the inciencing of the weather the newsboys anniversary and concert which.

and concert which was to have taken place last evening at the Central Presbyterian church, in Broome street, near Breadway, was indefinitely postponed. Due notice will be given through the daily new spapers when it shall take place.

FIRE IN MAIDEN LANE. Shortly after seven o'clock last night a fire was discovered in the cellar of 98 Malden hight a fire was discovered in the cellar of its Maiden tane, in the premises of H. F. Ingalls, importer of ivery and gums. The firemen extinguished the fire before it extended beyond the cellar. The damage will amount to about \$10 000; fully insured. The first floor is occupied by Quick Brothers as a depot for Wilder's patent sin-mander safes; stock slightly damaged by water; insured. The cause of the fire is unknown at present.

### THE ANNIVERSARIES -1361.

The Church Anti-Slavery Society. The second anniversary of this association was cele-brated last evening in the Church of the Portlans, Union square. In consequence of the tempestoous state of the weather, the attendance was very small. A goodly numer of clergymen appeared on the platform, and there was no lack of the usual energetic denunciations of hums slavery.

ell, editor of the Principia, being called to the chair. An introductory prayer was then offered by the Rev.

H. Mattison, of the Methedist church. The following original hymn was sung, with much effect by the choir :-

Hark! a voice from heaven proclaiming Comfort to the mourning stave: God has heard him long complaining. And extends his arm to save; Proud oppression Soon shall find a shameful grave. Lo: the nation is arousing
From its slumber, long and deep,
And the friends of God are waking. Never, never more to alcep
While a bondman
In his chains remains to weep.

Long, too long, have we been dreaming O'er our country's ain and shame; Let us now, the time redeeming, Press the helpless captive's claim, Till exuiting, He shall cast aside his chain.

The Rev. Henry T. Cheever read the second annua report. It began by expressing regret that while Divine rovidence has been moving in so signal a manner Providence has been moving in so signal a manner towards the overthrow of slavery, the professed churches and ministry of Christ are not co-operating in the holy work. The narrow resources of the society were then referred to in explanation of the limited circulation of anti-slavery documents during the past year. The document then proceeded to make an analytical review of the state of the nation and the influence of anti-slavery movements on the institutions of the South. It also scathingly reflected on the providence shavery productions of certain Northern and Southern preachers, denouncing in the sfrongest terms the crime of man-stealing, predicted the speedy and complete annihilation of slavery, and to the slavece.

oman poet:—
engeance Divire to punish sin moves slow;
The slower is its pace the surer is its blow;
following are the resolutions proposed and unani

The following are the resolutions proposed and unanimously adopted:

Resolved, That it is a matter of devout thanksgiving to God, that the question between abolitionists and their opponents, as it has been clearly stated by one of the earliest and ablest of all the living advocates of abolition in America, is no longer one of methods and measures to get rid of alwery, or how to control its power, or how to prepare for emancipation. But the question for the whole country, is narrowed down to this alternative—freedom, now and for ever, for the whole country, or alwery for ever for the whole country, is alwerydding a crime to be probibited, or an innocent, laudable atocation, to be protected by an irrevocable amendment of the constitution for that purpose

a crime to be pronouted, or an interest of the constitu-tion for that purpose

Resoived, That it is for the Christian friends of freedom in this cotatity, of all denominations, now to meet this issue manfully, in the name of God to rally in support of the Union and constitution as it is, for the sake of justice, liberty and religion, to be promoted by the Union, and to oppose the slightest amendment of the constitution in the interest of

slightest amendment of the constitution in the interest of slavery.

Resolved, That the true policy for the national administration, in its present tremendous struggle with domestic treason and conspiracy plainly is, inasmuch as the unnatural war into which it is forced is a pro-slavery war on the part of the rebels, to make it an anti-slavery war on the part of the government, and so commend itself to the friends of impartial liberty ever where, to the consciences of the good, to the sympathy of universal Christendom, and to the favor of Almighty God.

Resolved, That whereas the national abolition of slavery

the sympathy of universal Christendom, and to the favor of Almigaty God.
Resolved, That whereas the national abolition of slavery was a national duty, from the beginning of our government, under a constitution expressly orasined 'to establish justice, and secure the blessings of liberty to the people of the United States, and their posterity,' such a national abolition of slavery has now become a great national necessity to our continued existence as a united nation.

Resolved, That it is the neglect of this national duty which we have been suffer, through the inevitable working of cause and effect under the all-wise government of a just foot; and the sooner, therefore, there is a national repentance for our sin, there will be national deliverance from our sorrow.

Resolved, Therefore that the Providential call to every pulpit and to every church in the nation, now is, to preach to the people repentance for the sin of slaveholisms, and the duty of proclaiming liberty throughout all the land unto all the inabitions thereof.

The Rev I A Truny of Gleveland, Ohio, then ad-

duty of proclaiming liberty throughout all the land unto all the inhabitants thereof.

The Rev. J. A. Prouse, of Cleveland, Ohio, then addressed the meeting. He said that he was a Kentuckian, and one who had abandoned his home and fortune for the anti-slavery cause. (Applause) He alluded to the present convulsion of the country, and said that the anti-slavery cause was now on the eve of a great victory. (Applause.) The day of redemption surely draweth nigh. The thousands of slaveholders in the South are virtually taking up arms to liberate their slaves. The 5th of May was the last day of grace to the oppressors, the 6th of May was the last day of grace to the oppressed. (Applause.) He continued at great length to denounce the conduct of a portion of the church.

After a collection and singing and praying the meeting adjourned.

The thirty-third anniversary of the American Seamen's riend Society was held last evening at Irving Hall, William A. Booth, Faq., President, in the chair. The exer ham A. Booth, Fig., President, in the chair. The exercises commenced with the singing of a hymn, commencing with the following lines:—

Once more, Oh God! we come,
To celebrate His praise
Who brings the ocean wanderers home,
The trophies of His grace.

An abstract of the thirty-third annual report was the read by the Sccretary. The report showed that the Sallor's Home, in New York, under the direction of the society, has received during the year 2,711[boarders; total since it was opened (nineteen years), 55,005. Destitute men and boys relieved, 187, at an expense of \$717 80. Amount deposited in bank or sent to relatives, \$12,183. men and boys relieved, 187, at an exponse of \$717 89, Amount deposited in bank or sent to relatives, \$12,183. The temperance and social prayer meetings have often been crowded, and of unusual interest and power. The receipte of the society, branches and auxiliaries, last year, were \$72,697 59. The treasurer's reports of these auxiliaries have not yet been received. The receipts of the parent society have been \$23,698 06; last year they were \$40,711 27. This diminution has been chiefly in the Southern field—indeed, there has been a small increase in the central agency. Owing to the state of the times, and the resignation of the Southern secretary, comparatively little has been collected at the South. Operations in the Southern ports, however, have not been abandoned, though in some of them, for the want of means, stispended in part for a time: in others there has been considerable prosperity. The expenditures of the parent society have been \$23,942 54. The floating cebt at the close of last year was about \$5,000; now it is \$7,000.

Then followed an address by the Rev. Mr. Hancke, of Boston, after which an original hymn was sung by the choir.

Boston, after which an original choir.

John B. Gough, the celebrated temperance lecturer, then addressed the assemblage, followed by the Rev. A. A. Willet, of Brooklyn, after which the Doxology was sung by the choir and the meeting dispersed.

Union Theological Seminary.

The twenty fourth anniversary of the Union Theological Seminary took place last evening in the Moreer street Presbyterian church. The very unfavorable state of the weather doubtless prevented many being present on this occasion, the church being but partially filled, the maority of these present being either relatives or friends of jority of these present being either relatives or friends of the members of the graduating class. The following clergymen were present on the platform:—Rev. Dr. Skinner, Rev. Dr. Robinson, Rev. Mr. McLane, Rev. Dr. L. Smith, Professor H. Smith and Rev. Mr. Barnes, of Philadelphia, who offered up a short and appropriate prayer at the opening of the exercises.

The following a the order of the exercises.—Hiddebrand—Issae Riley, Montrose, Pa.

The "Oxford [pssays"—John B. Reeve, New York city. Religious Biography—M. Payson Parmelee, Underhill, Vt.

ince and Value of the Old Testament-Franklin Noble,

Pince and Value of the Old Testament—Frankin Noble, Washington, D. C.
Culture and Expansion of Christianity—George E. Post, New York city.
Pani on Mars Hill—James I. Bowell, Philadelphia, Pa.
The only unique feature in these addresses was that the one on the "Oxford Essays" was delivered by a colored man—John B. Reeve, a graduate of the Central College of McGrawville, N. Y. The professors of the college all speak in the highest terms of his shiffittes and application, and, among the many creditable addresses, delivered last evening, his certainly occupied to inferior place.

application, and, among the many creditable addresses delivered last evening, his certainly occupied no inferior place.

The following is a list of the names of the members of the graduating classes:—Fred. H. Adams, William S. Adamson, William Addy, J. Hervey Beale, James I. Boswell, Isaac N. Caldwell, Samuel Carlile, I. Dwight Chapin, Royal W. Clark, James W. Coleman, Smith Curtis, Albert Erdman, Henry T. Ford, William L. Gaylord, Henry Hastings, Isalah B. Hopwood, Samuel Jessop, Alonso F. Johnson, Theodore Kruger, James McLaughiu, Franklin Noble, M. Payson Parmales, Sidney Phonix, George E. Fost, John B. Reeve, Isaac Riley, James Robertson, Páson Rogers, Levi P. Sabin, Samuel Scoville, Charles W. Sharp, James W. Stark, George B. Tolman, John F. Watzon, Samuel Wyckoff.

The address to the graduating cluss was delivered by Rev. Dr. A. D. Smith who reminded them of the responsibilities they were about to assume, and that they now went forth armed with all the advantages that education could give, and though their future fields of labor might be far away, those friends they were now leaving would always watch with interest the course of their future lives. Finally he committed them to the care of the Almighty, in whose service their lives would henceforth be passed, and to whom they will always turn for assistance to discharge fathfully and conscientiously the doties of their responsible positions.

Bev. Dr. Sharpe then pronounced the benediction and

their responsible positions.

Rev. Dr. Sharpe then pronounced the benediction and the congregation dispersed.

The exercises centually and with the distribution of the diplomas to the graduates.

CHURCH'S NEW PICTURE, "THE NORTH."

This work, respecting which public expectation has been stimulated by a prefatery volume, by one of the companions of the artist on his trip to Labrador, was ex hibited on Tuesday evening to a select assemblage of con-noisseurs and critics at Goupil's new gallery. The picture will add greatly to Mr. Church's reputation. proves his capacity to delineate nature under her boidest and most rugged, as under her softest and most pleasing aspects. The common impression entertained of Arctic scenery is that of dreariness and coldness. In Mr. Church's picture we have, if not actual warmth, glowing tints, prismatic and without body, it is true, but still grateful to the eye, and wondrous in their transparent

In the massing of the huge bergs, which uprear their pinnacles amongst the clouds, the well known skill of the artist in the elaboration of details has been effectively employed. As in the "Heart of the Andes," there is not part of the picture which does not offer evidence of the most minute and careful study. There are some extraor dinary effects of color in the foreground, produced by the reflection of the setting sun upon the ice, as seen here and there through shallow pools of sea water, bu there are said to be copied strictly from nature, which we can well believe from the modified relation borne to them by the warm coloring of those portions of the float ing masses which are exposed to the air, and which catch partially the reflected light of the setting sun.

A fine effect, contrasting agreeably with the wilder aspects of the scene, is the vista of the ocean obtained between the huge mountains of ice which block

tained between the huge mountains of fee which block in the view on each side. We get as it were a glimpse of the more genial climate that we have left behind, the glowing horizon glding the water with its reflections for a long stretch of perspective, whilst the waves ripple gently towards us until they leave the base of the mass on which the spectator is supposed to stand.

From what we have stated, it will be felt that the work has demanded more than usual care and attention in its treatment. It elicited expressions of the most unqualified approbation from every one present. We are happy to add that Mr. Church, in the same spirit of loyalty and devotion to the Union which animates the members of all the other liberal professions, has resolved to give the proceeds of the exhibition to the patriotic fund now raising in aid of the families of the volunteers. Judging from what was received for the "Heart of the Andes," when it was exhibited in the Tenths treet sallery, this will be a munificent contibution from an artist who has yet to win from fame the substantial rewards to which his merits entitle him.

Ayer, of Connecticut, are stopping at the Aster House.

Veterans of the State of New York of the war of 1812 waheld at No. 62 Liepenard street last evening. This meet ing was very scantily attended, on account of the unfr vorable state of the weather, the callant old veterans not being able to bear the war of elements as well as they being able to bear the war of clements as well as they formerly could during the strife of Freedom versus Despoism. However, that gallant old veteran, Henry Riell, with one or two others, set them at deflance, in accordance with their old principles. There was nothing like enthusiasm, except at the time when the noble old soldier, Riell, gave one or two toasis, which were something in the following style:—"Grateful bearts for every blessing," &c.

blessing," &c.

The Compr.—The director of the Cambridge Observatory says the comet is still appreaching the earth and the sun, and that when it pusses if descending node on the 12th of May, it will be so near the carth's path the latter will pass through the atmosphere of the comet, so that had the comet been twenty three days earlier in his orbit we might have encountered it on the 19th of April or Friday last. On the 12th of May, the distance between the earth and comet will be nearly forty mill one of miles. The comet is only of medients fixe, and at present is just visible to good eyes without the assistance of a telescope. It will be most conspicuous in the northern hemisphere in the beginning of May, but in the southern in the latter part of the present month.

## FINANCIAL AND GOMMERCIAL

MONDAY, May 6-6 P. M. The bank statement of to-day compares as follows with that of last week:-

Week end g Loans. Specte. Circulation. April 27. \$124,817,164 28,991,683 8,840,476 May 4... 124,610,166 28,064,254 9,296,309 Decrease. \$206,988 937,429 456,923

The decrease in specie is not quite so large as was expected; the decrease in deposits is heavier than was looked for. Both doubtless proceed from the movement of money into the interior for war purposes, and for the commencement of the spring business. The week begins with a rising specie

Money is as easy as ever; but none but the very choicest names pass, and these at seven per cent. The successful manner in which our mercantile community weathered the day on Saturday is a subject of general congratulation.

Foreign exchange is inactive: indeed there is nothing doing. Some bankers are buying good mercantile bills all the way from 101 to 10314. At the morning board to-day a fair amount of

business was done, and prices in many instances were higher. United States securities of all de scriptions improved from 1 to 2 per cent. The new sixes sold at 90 for the registered, and 89 for the coupon stock. State stocks were also better. mainly from the wants of the bears, who are paying 2 and 3 per cent a month for the loan of Virginias and other State stocks. So long as our speculators sell these stocks for a fall they cannot decline to their intrinsic values. The general list was better, with the exception of Pacific Mail, which declined 114: Rock Island, which declined 1/4, and Michigan Central, which declined 1/4. New York Central and Erie were both 1/2 higher, Illinois Central I per cent and Toledo 1/2. Reading and the Michigan shares were steady. Bank stocks decline, upon the general impression that much of the paper they hold will prove worthless. We are inclined to think that, allowing for losses from this cause, the depreciation already realized more than covers them; Bank of Commerce shares at 85 are not dear. This afternoon the market was better again, especially in Eric and Illi-nois Central, both of which advanced, apparently under foreign orders, 11/2 per cent. Speculators are wondering whether the news of the actual outbreak of war will induce the English to sell out of our stocks, or to buy more at the decline. The losses of foreigners in Virginias and other State stocks will prove very heavy. The following were the last quotations of the day: United States 5's, 1871, 76% a 77: Tennessee 6's. 45% a 47; Virginia 6's, 45% a 46; Missouri 6's, 40 10%; Canton, 10 a 10%; Cumberland Coal preferred, 41/4 a 51/6; Delaware and Hudson Canal, 82 a 83: Pennsylvania Coal. 75 a 80: Pacific Mail Steam. ship, 691/2 a 70; New York Central, 729/4 a 72%; Erie, 21% a 22; Hudson River, 36% a 37; Harlem, 12 4 a 12 1/2; do. preferred, 31 1/4 a 31 1/2; Reading, 32 Michigan Central, 44% 2 45%; Michigan Southern and Northern Indiana, 1334 a 1334; do. guaranteed, 29 a 30; Panama, 101 a 102; Illinois Central, 621/4 a 621/4; Galena and Chicago, 59 a 593/4; Cleveland and Toledo, 241/4 a 243/4; Chicago and Rock Island, 381/4 a 385/4; Chicago, Burlington and Quincy, 59 a 60; Milwaukee and Mississippi, 9 a

91/4: La Crosse and Milwaukee land grant bonds, a 9; Illinois Central bonds, 89 a 89%. The business of the Sub-Treasury was as follows

The exchanges at the Bank Clearing House this morning were \$24,021,925 13, and the balances

A telegraphic despatch from Augusta says that for the State loan of Maine-two hundred and fifty thousand dollars-six hundred thousand have been offered. The bids varied from par to four per cent premium.

The Philadelphia Bulletin of Saturday evening, in noticing sales of Pennsylvania State 5's at 76 on that day, the lowest point they have touched since the conneencement of the war troubles, remarks:-

the commencement of the war fronbles, remarks: with \$5.000,000 of new loan coming on the market, and the reduction in the means of capitalists and taxpayers, this depreciation in State loans becomes invitable, although overy one feels assured that Pennaylynnia, having proved herself able to pay the interest on \$40,000,000, and clood annually a very large reduction in the principal, is quite competent, with the restoration of peace and its usual prespective, to carry a very much larger debt.

The Cincinnati tracette of Saturday thus retices and evaluations and evaluation in that vicinity.

Backers continue to accommodate their regular customers at 10 a 12 per cent, but these figures do not, of course, indicate the value of money in the outside market, and there is such variety of circumstances govern-

noney and exchange matters in that vicinity:

ing negotiations, and so many different grades of valver, that it is impossible to give quetations that would be a

that it is impossible to give quotations that reliable guide.

The market for Fastern exchange was decidedly easier. All the houses drew for Kentucky at 2½ premium, and in some cases sales were marke at 2½ premium. The buyleg rate ranged from 1½ to 2 premium. For Ohio and is diama the sate remained at 3½ premium buying, and 1½ premium solling. Gold was lower for Kentucky, but rates were irregular. Some of the houses sold at 3 a 3½ premium, while others charged 5. For Ohio it sold at 1 a 2 premium.

The Milwaukee Sentinel of Saturday says:

Money matters continue to work smoothly. There is a brisk demand for money, and the piles of currency which for the last two or three months have lain idle is cur tank vaults have already been sensibly diminished A good share of this demand comes from the interior nearly every express for the country taking out large quantities.

quantities.

Exchange remains steady at 8 per cent premium: buying at 5 a 6. The price would very soon decline but for
the fact that rates at Chicago are 2 per cent higher than
here, and the confident expectation of an early reduction
checks the demand.
